

Health Science Ready: Anatomy and Physiology Fundamentals

Build your foundational knowledge for future studies in health through this face-to-face course in Port Lincoln.

Health Science Ready: Anatomy and Physiology Fundamentals

Whether you are planning a future in health or seeking an introduction to human anatomy and physiology, this short course provides a clear and structured foundation.

The course is designed for senior school students (Years 10-12), adult learners, and community members seeking a rigorous yet accessible entry point into health science.

Are you interested in studying or working in health?

- Strengthen your application for undergraduate health programs.
- Gain early exposure to university-level study.
- Prepare for the academic expectations of health programs.
- Build confidence before starting your degree.

Or are you exploring study pathways?

- Explore your interest in health before committing to further study.
- Experience a supported introduction to health science.
- Build the academic skills needed for tertiary learning.
- Gain confidence in a low-risk, supportive environment.

Delivered over four weeks at Adelaide University's Port Lincoln Study Centre, this **fee-free short course** combines face-to-face workshops with supported, independent learning.

You will examine the structure and function of major human body systems, develop an understanding of how the body responds to disease, and engage in applied learning activities that connect theory to health contexts and professional practice.

This course will help you build a strong understanding of key health science concepts while developing the academic skills needed for further study. You will gain confidence in scientific thinking and be better prepared for the expectations of university-level health programs.

Non-compulsory assessment points are designed to evaluate your knowledge, understanding, and engagement, with opportunities for feedback and academic support throughout*.

**Successful completion of assessments may contribute to your eligibility for further study, including credit within Foundation Studies or consideration for entry into undergraduate health programs.*

When? 13 July until 6 August, 2026
2 x 2 hour workshops per week over 4 weeks.
Monday 4.30 - 6.30pm / Thursday 4.30 - 6.30pm

Where? Adelaide University Port Lincoln Study Centre, 86 Tasman Terrace, Port Lincoln.

Fee-free and open to anyone interested in health pathways, including senior school students (Years 10-12).
