

Expression of Interest SAiGENCI Community Research Partners Advisory Group

SAiGENCI
SOUTH AUSTRALIAN
IMMUNOGENOMICS
CANCER INSTITUTE

an alliance of

The South Australian immunoGENomics Cancer Institute (SAiGENCI) are seeking community members with an interest in; or lived experience with cancer (either personally or as a family member or carer) to join their SAiGENCI Community Research Partners.

The work of SAiGENCI is broadly centred around the following themes:

- Understanding the mechanisms underlying response and resistance to contemporary cancer therapies.
- Uncovering the mechanisms driving tumour growth and behaviour through epigenetic and reprogramming research.
- Identifying ways to make tumours more visible to the body's immune system and improve immune therapies.
- Identifying new therapeutic targets, and ultimately new potential therapies.
- Using AI and computer modeling to predict disease, cancer progression and clinical therapies.
- Working closely with the SA Comprehensive Cancer Network (SACCaN), Local Health Networks and other agencies translating findings directly from bench to bedside through clinical trials.

Members of the Community Research Partners Advisory Group will have an opportunity to keep updated about the progress of the research projects and new findings, and partner with the research team and other stakeholders to:

- Discuss new research ideas.
- Help plan for how new research projects are designed and implemented.
- Review and comment on grant applications and other research documentation (in some instances members may be named as part of the investigatory team on grant applications).
- Assist in disseminating research findings within the community.

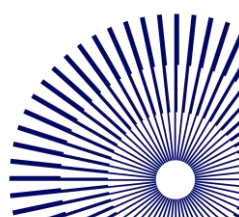

Meetings will usually be held at the Adelaide Health and Medical Sciences building, North Terrace Adelaide, or held online via Zoom/MSTeams and email correspondence.

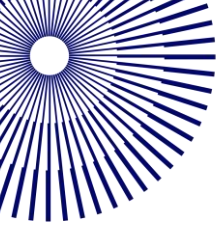

Reimbursement is available for:

- Preparation and sitting fees: \$40/hour
- Public transport (to/from meeting)
- Car parking
- Private vehicle transport (to/from meeting): \$0.81/km

Further information about the research project or the Consumer Research Partners Advisory Group, is available by calling Kathryn Hudson on 08 8313 7218 or emailing saigenciconsumer@adelaide.edu.au

To apply for the position, please send the attached expression of interest form to: saigenciconsumer@adelaide.edu.au

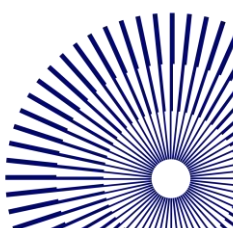

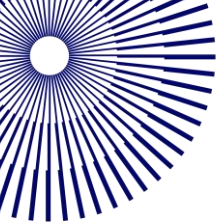

SAiGENCI Research Group or project team are responsible for providing:

- Information, training and development opportunities to members relevant to their role on the Community Research Partners Advisory Group (as required).
- Resources needed to undertake agreed tasks including reimbursement for consumer members.
- Secretariat support to the Consumer Research Partners Advisory Group.

Community Research Partners are responsible for:

- Sharing their knowledge, skills and experience to inform the research process.
- Attending and actively participating in Community Research Partners meetings and responding to reasonable and agreed out-of-session requests for advice.
- Participating, as agreed, in activities which promote the work of the SAiGENCI Research Group or project across the South Australian community.
- Identifying and reporting an interest that is in potential or actual conflict with their involvement in the SAiGENCI Research Group or project or has the appearance of such a conflict.
- Notifying the Chair or Secretariat, as soon as practical, if any matter arises which may be deemed to affect the progress of the SAiGENCI Research Group or project.
