

## Program-specific non-tuition fees

In addition to the standard non-tuition fees outlined on the [Adelaide University website](#), some programs also have program-specific non-tuition fees. These are sorted below by program name. Please note these costs are approximate only and are subject to change. All costs are listed in \$AUD.

The Adelaide University Library is committed to providing access to textbooks for periodic reference to all students. Our ePreferred policy ensures students have access to textbooks online wherever possible, allowing access anytime and anywhere. If a textbook is required on a frequent, ongoing basis throughout a course or program you may like to purchase a personal copy to guarantee you always have access when you need it.
