

Headstart Scholarship Program 2019

International Applicant Declaration

Applications for the Headstart Scholarship Program will only be accepted from on-shore international students, currently studying Year 12 (SACE or IB) in a South Australian secondary school, who satisfy the definition of accelerated as defined below:

Accelerated students are those that have completed a Stage 2 subject in an earlier school year and are completing their SACE or IB at less than a full year (100%) study load. Eligibility for the Headstart Program is assessed based on grades from completed Year 12 subjects. Further information is available at: <https://www.adelaide.edu.au/headstart/who-can-apply/>

International students must remain enrolled in enough subjects at their secondary school to complete the SACE/IB within the original duration, regardless of their participation in the Headstart program.

Prior to making an application, international applicants must meet with their relevant school representative to discuss their participation in the Headstart Scholarship Program and understand the importance of their SACE/IB completion.

This form must be fully completed and submitted with the Headstart Application for the Application to be valid.

STUDENT DECLARATION	
I acknowledge that I am applying for the Headstart Scholarship Program and have sought advice from my school to ensure that it will not have an adverse impact on my primary course of study (i.e. SACE/IB).
