

- MS.
NO.
- F2(1) Copy of cover of "Early Man in the Vaal River Basin" Union of S. Af. Arch. Survey, Arch. Series No. 6.
- F2(2) Copies of cover of E. S. Hills "Shore platforms," Geol. Mag. 1949; "Tectonic patterns in the earth's crust, ANZAAS 1947.
- F2(3) Refs. to Wooldridge & Morgan, H. T. Stearns; Prog. Rept. Victoria Geol. Surv. 1874, 1864-65; R. A. F. Murray - Prog. Rept. No. 4 geol. Survey Vic.; Warrior, H. A. 1943.
- F2(4-10) Detailed notes on A. B. Edwards, "Storm-wave platforms" J. Geom. 4:3:223-236(?) Includes critique of J. T. J.'s work [F2 (5) & (6)].
- F2(11-25) Extensive notes on: A. B. Edwards "The north-west coast of Tasmania," Proc. R. Soc. Vic. 53(N.S.): 2:237-267.
- F2(25) Correspondence to J. T. J. from D. Stevenson Port Authority Vic. on sea levels (tidal info.).
- F2(26-27) Notes on A. B. Edwards "Jurassic arkose in southern Victoria," Proc. Roy. Soc. Vic. 55 (N.S.): 2:195-228.
- F2(28-29) For Lorne Paper. Data on width of platforms from field note books 7 & 8.
- F2(30-35) Notes on G. S. Vic. Progress Rept. No. 1 (1874) 30-32. 32. - Ref. to vertical movement = 70'. 33. R. A. F. Murray Rept. No. 7 ref. R. A. F. Murray geol. & physiog. of Vic. 1887. 34. T. S. Hall Vict. Hill & Dale 1911. 34. ANZAAS - Skeats 1935. 35. C. S. Wilkinson 1864-65.
- F2(36-43) Analyses of some Victoria Jurassic sed. rocks (Victoria). Written in

- longhand from cards supplied by the Director (Mr. Baragwanath) Aug. 1939. Relate to JTJ interest in rocks for building materials?
- F2(93-97)
- F2(44-59) Title of notes: "Lorne Paper."
Notes from Field Books No. 7 (44-55), No. 8 (55-59).
- F2(98)
- F2(60-70) G. A. Bartrum's translation of a paper by Scherber (60-62).
Scherber's paper (JTJ longhand) (63-65). Correspondence between JAB and JTJ (66-70) on weathering & erosion of shorelines.
- F2(99)
- F2(100-102)
- F2(71-73) Tracing of Swan Island foreshore and accompanying letter from: F. H. Young, Dept. of Parks & Harbours, Victoria. 1928
- F2(103-104)
- F2(74-79) Notes title: "Coastal Physiography mainly re drifting of shingle."
Refs. to: Milner & Bull, T. W., Marsh, Salsibury, D. W. Johnson, Geikie, J. W. Gregory.
- F2(107-109)
- F2(80-82) "Notes re the shingle paper." Did it ever see the light of day? (EJB).
- F2(83) Notes from Hall P. (?) "Tertiaries of Melbourne." Roy. Soc. Vic. 1896. 1896
- F2(110-118)
- F2(84) Notes on shingle from J. W. Gregory, T. W. March(ref), Geog. Jour. 1926, V 68 (author ref. given).
- F2(119-132)
- F2(85-89) Notes from W. H. Wheeler, The Sea Coast.
- F2(133-144)
- F2(90) Copy of letter to port officer for Victoria requesting tidal information to certain sites.
- F2(145-146)
- F2(91) Notes from T. S. Hall Victorian Hill and Dale re ironstone shingle, and role "red beds" play in coastal physiography. 1950
- F2(147-149)
- F2(92) Refs. on long shore drift. ward, Salsibury, Geikie, Davis, de Martonne, Chamberlain & Salisbury, Mill 1935

- F2(150-152) (Realm of Nature) Shaler, D. W. Johnson.
- F2(93-97) Correspondence with naval authorities to gain permission to work and photograph on Swan Island. 1927-28.
- F2(98) Notes on J. A. Steers "Sand & shingle formations in Cardigan Bay," Geog. Jour. Sept. 1939, 207-227.
- F2(99) Note on beach drift - ref. to Holmes' geology.
- F2(100-102) Notes from Shepard on cusps and tides. A.J.S. July 1928, 309-310
- F2(013-104) Refs. to Steers Coastline of England & Wales, and Shepard's Submarine Geology.
- F2(105-106) Extracts from O. F. Evans "The beach cusps of Lake Olga, a discussion" F2(106) 1 page only of originally 7.
- F2(107-109) Extracts from T. W. Marsh "The alongshore drifting of beach material," Proc. Geol. Assoc. 36:434-445. (Orig. 26 pp. but only 3 copied by EJB).
- F2(110-118) Extracts from note books for "Port Phillip Bay paper." Note Bks Nos. 6, 38, 37, 20, 28, 29, 25, 36, 27.
- F2(119-132) 13 pp. extracts from W. H. Wheeler's The Sea Coast.
- F2(133-144) 11 pp. extracts from Lord Avebury's The Scenery of England (1902) - mainly on Shore platforms & shingle.
- F2(145-146) Outline of Contents of Symposium on use of aerial photos. by geologists. See Photogrammetric Eng. 16:5:721-803. 1950
- F2(147-149) Notes on cusp formation from F. P. Shepard "Gravel cusps on the California coast related to tides." Also note from Johnson's work on shorelines, Science 82:251-253. 1935

- F2(150-152) Notes on beach cusps, longshore bars & troughs, backwash ripples, beach cycles, from F. P. Shepard, Photogrammetric Eng. 16:5:756-769.
- F3-1 1
- F2(153-155) Notes on rip currents from Shepard's Submarine Geology.
- F2(156-161) Notes from J. D. Justin, "The design of earth dams," Amer. Soc. Civil Eng. V. 87. Extracts on the height of waves, and formulae for predicting. 1924
- F3-2 2
- F2(162) Brief note from Hall & Pritchard "Tertiaries of Melbourne." Roy. Soc. Vic. 1896. At Beaumaris (Limestone Shingle at). 1896
- F2(163-180) Note: Marginal note of JTJ "? of no use now, except perhaps for records of actual examples of ? functions." "Kebles & the Foreshore Bd. have written on the subject."
- F3-4 4
- F2(163-180) Longhand outlines of drafts of paper(s) on Port Phillip Bay foreshore erosion.
- F2(181-211) Longhand draft of paper on shingle on Pt. Phillip Bay [Published?]
- 20/9/41 Reports on slides.
Lithology no basis for conclusions.
4. J.T.J. to C.A.S.
27/8/41 re basalt slides. Also ref. to wife being in hospital for 4 weeks & still there. Request for analysis. Ref. A. G. Swards on volcanic flow. R. Soc. Vic. 51:1:71-95. W. B. Bennett, R. N. V. Proc. 35 (NS): 211-155. 1941
5. C.A.S. to J.T.J.
9/8/41 re rock slides.
- F3-5 7
Correspondence J.T.J. to C.A.S. and C.A.S. to J.T.J. re Victorian Tertiary basalt I. 17/8/39 re Aberfeldy & Strath basalt. Discussion of Hill's conclusions re same - critical of them.
